VOL. XXXV. SONOMA, SONOMA COUNTY, CAL., JULY 19, 1913. NO. 2

INTERESTING ITEMS FROM EL VERANO AND SONOMA.

Weekly Record of all the Happenings in the Valley as Faithfully Recorded by Our Wide-Awake Reporter, " Archie McKiver."

Louis Kearney spent Sunday in Santa Rosa.

Ken Weaver was an El Verano visitor to the county seat Sunday last.

Mrs. R. Mollnan of San Francisco is spending the week at the El Verano Villa.

Mrs. J. M. Oliver of Berkeley and family are guests at the L. L. Lewis residence.

Mr. and Mrs. E. P. Lounibos and family of Kenwood spent Sunday visiting relatives here.

Mr. and Mrs. E. Chelini of San Francisco were guests at the Chelini residence here the fore part of the week.

J. Mallon, who formerly resided at Lakeville but now of San Francisco, is registered at the El Verano Villa.

Otto Spindler of San Francisco passed through here Sunday morning en route to the Carrol Cook ranch at Glen Ellen.

P. J. Herlihy and wife of San Francisco are guests at the Oaks. Mr. Hearlihy is a clerk for the S. P. Co. in San Francisco.

Archie McKiver and Senator Jim Baines seemed to be rooting hard for Boyes Springs and against Cotati last Sunday at the ball game. Ask Jim the reason.

The Fall of the Bastile, the great French holiday, was celebrated at our different resorts last Tuesday. El Verano Villa was elaborately decorated for the occasion and with dancing and singing the large crowd enjoyed the day and evening.

Harry Lovine, one of the white ranch hands on the Guy Bigelow place, slipped from a load of hay one day last week and broke his arm. Dr. Thomson was called and dressed the injured member, which will lay the young man up for some time.

On account of the hot weather and the scarcity of news, Archie McKiver is seriously thinking of putting in an application for one of the detective jobs that our friend Guy Bigelow claims he has in the field to watch the roadhouses in the Sonoma Valley. Give Archie a trial, Guy, and you will get results. This is the only way you can get him to resign from the Index-Tribune.

Heine Brunner, popular bus driver for the El Verano Villa, is bemoaning the loss of a number of fowls, including rabbits, chickens, etc., which the heat of last week killed. Heine and Professor Peebles have purchased a small chicken ranch west of town and as soon as the summer season is over will locate on the premises. Hence the loss to the gentlemen is big, as they contemplated moving the fowls to their ranch shortly.

We agree with reporter Art Hickman that the Boyes Springs nine should have been included in the league which was recently formed in Sonoma County. Boyes team is one of the best bushers in the state and their playing each Sunday shows this. The managers of the league should take notice of this, as all the baseball critics in the valley are declaring that it is very unfair that Boyes Springs should not be given a chance.

As the local passenger train passes through this place each day the old familiar face of Mike Riddle, who has been brakeman on this line for the past twenty-five years, is missed. Mr. Riddle has been pensioned off by the S. P. Co. and no hardier little man than Mike ever swung a flag for that company. He was accommodating to the traveling public and had a host of friends here, who always talked well of him, which is a credit to any man.

A Los Angeles capitalist is about to purchase 15 acres of land at Sonoma Vista, formerly the Nordwell ranch. It is his intention to incorporate a $200,000 company for the purpose of building a magnificent summer resort on the plan of the Del Monte. If the deal goes through, what is known as the old pasture will be used for golf links and the present stable and corral will be converted into a modern structure to be used in conjunction with a riding academy.

Chas. Spindler transacted business in the city this week.

Traveling auditor Dunn of the S. P. Co. was here one day last week.

Jim Baines, president of the El Verano Development Association, is transacting business in the Bay City this week.

It is rumored here that our troublemaker is again going against his own politics. The people in general are good and tired of this old bull and a number have approached the writer protesting against his methods and asking us to notify the man that he is trying to stir up the people and make them enemies of one another. There are several low boycotting tricks that he has tried to pull off of which the writer knows and looks upon as a nuisance to bring before the public again. He now says the rooms must be under one roof. A summer resort like that in the Sonoma Valley would never do, as people coming here do not want to be huddled up in a hotel of this kind. He claims he is going to uncork something before the grand jury. Go ahead, Mr. agitator, the fight is on and we are prepared to fight you to a finish on this roadhouse proposition.

Figuring Horse-Power of Automobile Engines

To find the horse-power of your motor-car, square the diameter of the cylinder, multiply it by the number of cylinders, and divide it by 2½.

"That is the rule adopted by the Society of Automobile Engineers. It is not absolutely accurate but it is approximately so, at a definite piston speed, and it is at least as fair for one maker as for another.

"While we are interested in this computation, still the Hudson cars are not rated according to any arbitrary formula. We test Hudson engines on a dynamometer, which gives readings showing actual brake horse-power. The motor of the "54," a Six-Cylinder car develops 57.8 horse-power at 1,500 revolutions per minute. At a little higher engine speed it shows 65 horse-power.

"It is hardly fair therefore to any of the modern efficient motorcars to use the standard S. A. E. rating. Efforts are being made to secure a more accurate formula, and it is likely that this will be accomplished. Practically all motors are now made with the long stroke. This affects very much the accuracy of the standard rating."

Instruction vs. Agitation

Apropos to the illustrated lecture given in the Don Theatre in this city, last Tuesday evening, we cannot refrain from noting the fact how much better it is to instruct than to agitate. This lecture, which was profusely illustrated by moving pictures, was held by the Home Industry League of California under the auspices of the Native Sons Parlor of Sonoma. This League seeks to build up instead of pulling down, as does the Anti-Saloon League and similar mischievous and inconsistent organizations having for their purpose the holding up of the wine and liquor interests of California, which has its local representatives here who are out for the "stuff." To emphasize the difference between instruction and agitation we will state that William B. Moyle, the lecturer of the Home Industry League, stated to the audience assembled in the theatre that the most important problem the State must solve in the immediate future was the development of its manufacturing resources, and to back up his contention said among other things:

"Five million dollars leave California every year for manufactured articles and strangely enough many of these articles that come to us over two and three thousand miles of railroad are manfactured within the state. This appalling situation, if it is allowed to continue, will spell ruin to California factories. Underlying the loss of money which is urgently needed for home development there is a problem of political economy that unless solved will place California in an unenviable position. When the Panama canal shall have changed the course of immigration from the east to the west coast the pitiful sight will be seen of hordes of laborers and artizans being forced to retrace their steps because of lack of employment.

"While employment can be given to a great many who will come on the farms and in the rural districts there will still be many who will be forced to seek employment in the manufacturing establishments of the towns and cities. There is only one solution to this problem and it lies in the development of our factories."

Now, who will agains ay that this lecturer is not right. This being the case, why should one listen to the senseless agitation being indulged in by hypocritical so-called reformers, who need reforming themselves, to put a certain class of business men out of business—wine men, brewers, hotel and saloon men and many other kinds of enterprizes dependent upon these for success, and for what? For a principal? Not on your life. It is simply a hold-up game inauguarated by the Anti-Saloon League, which has its local represtatives in every section of California wherein they seek to agitate to deceive the people and get their "rake-off."

The visit to this town of Mr. Moyle and his illustrated moving pictures and slides were good. Inasmuch as under the Home Industry League of California he lectures to build up instead of pulling down which is in striking contrast to the wild utterances of hypocritical anti-saloon agitators and inconsistent moralists, who, if they are not given their quietus by the people, will place for naught the efforts of the Home Industry League of California and similar organizations having for their purpose the upbuilding of the great possibilities of one of the most nature-favored sections on God's footstool. Therefore we say, let the people discourage these mischievous agitators to the end that we build up and not pull down the possibilities of California.

The Grand Jury has met and adjourned without taking any action in regard to the complaints of J. K. Bigelow and his corps of gumshoe men against some of the leading resorts of this valley. Bigelow, not having made good, the whole matter of regulating our resorts was passed up to the Board of Supervisors. This was meet and proper. We might here remark that the Grand Jurors looked upon Bigelow as a mischief maker and one big joke.

O. Sohl came up from the city on Saturday morning and returned Sunday afternoon.

Mayor John Murray of Vineburg was a visitor at Batto's Spur Tuesday afternoon and is looking exceedingly well.

This burg was quite lively all day Sunday and both Vineyard and Pleasant Villas were kept exceedingly busy.

The month of June was a record breaker at Batto's Spur. More hay grain, feed and merchandise arrived and was disposed of than in any one month in twenty years.

A. Rice is erecting a pretty dwelling on the tract of land h recently purchased from A. Groskopf on the Napa road. When completed it will be a big improvement to North Vineburg.

We have an idea that some one has hypnotized all of our fair assistants. Well, it cannot be helped as this is the good old summer time so enjoy yourselves ladies, winter is coming.

Harry Brandt, a Sonoma Valley boy, who is second assistant engineer on the A. & H. Co's steamer Mexican, came home Saturday to bid his folks and many friends good bye prior to his sailing next Tuesday for Tacoma, Seattle, Honolulu and Selina Cruz. He remained in Vineburg until Sunday evening.

Miss Adele Andrieux, the popular young lady bookkeeper of John Batto & Sons, was a passenger on the south-bound train on Tuesday morning. She was accompanied by her neice, Miss Louise Batto. The ladies are on a vacation and will be the guests of friends in the Exposit on City. All wish them a pleasant time and safe return.

The large four-horse furniture van of the Switzer Draying Company of Napa passed through here last Saturday with a large load of merchandise consigned to Baer Bros. at Sonoma.

The new draying and teaming firm of Groskopf Bros. seems to be doing a good business as they have good stock, wagons, etc The boys are known all over the valley and are perfectly reliable.

Hay Market.

Somers & Co. of San Francisco, in their weekly bulletin of July 15th, report the condition of the hay market as follows :

Receipts of hay for the week have been very heavy, 4276 tons arriving in comparison with 3713 the week previous. The continuation of heavy arrivals and dull trade conditions here have caused the market to decline, especially the medium grades of hay, the choice grades of both wheat and tame oat hay being in active demand but very light supply. The situation in the country is without change; farmers for the most part hold their hay at prices which are beyond the range of the San Francisco market.

Alfalfa is moving off quite readily and is being shipped throughout the interior in large quantities. The crop of alfalfa in the State promises to be an excellent one and undoubtedly will find a ready market in order to supply the heavy feed demand in sections where the grain hay crop is light There is nothing to indicate at present the future trend of the market The short crop in some sections is naturally causing farmers to hold their hay at very high prices but dealers for the most part seem to be unwilling to buy for storage purposes, preferring to buy only for immediate requirements.

MRS. NEVRAUMONT PASSES AWAY IN LOS ANGELES.

She Founded El Verano Villa Seventeen Years Ago and Was a Woman of Great Executive Ability.

A telegram received from Los Angeles by Louis Lamotte of El Verano last Thursday afternoon conveyed the sad announcement of the death of his mother, Mrs. A. Nevraumont, who passed away in that city on the morning of that day.

The deceased, previous to retiring from business and buying a home in the metropolis of the southland a year or two ago, had resided in this valley for fifteen years. She founded El Verano Villa seventeen years ago and was the pioneer woman who demonstrated that Sonoma Valley could be made a summer retreat for the overworked and health and pleasure-seeking classes of San Francisco and other bay cities. Her's was the first resort of its kind to be thrown open to the public in El Verano and vicinity. Starting in business in a modest way—Mrs. Nevraumont had only seven rooms in her establishment when she started her resort—through her great executive ability she made El Verano Villa one of the largest and best paying summering places in this valley and instead of seven rooms for the accommodation of guests within a few years she had erected more that number of large dwelling houses on the extensive grounds surrounding the original hotel.

Mrs. Nevramont was an ideal landlady. Kind-hearted, gracious and generous during the fifteen years that she presided over the villa she endeared herself to thousands of families who had spent the summer months under her roof.

The deceased leaves an only son, Louis Lamotte, the present owner of the villa who succeeded to the business two years ago.

Mrs. Nevraumont was a native of Belgium and aged 64 years.

The remains will be shipped to San Francisco for interment in one of the cemeteries in that city. The funeral will probably take place Monday.

SONOMA COUNTY GRAND JURY

J. K. Bigelow Poses Before the August Body and is Again in the Lime Light

The Press Democrat says there were rumors in circulation Wednesday night that the Sonoma county grand jury might file some indictments before adjourning Thursday evening. It is likely that the grand jury will take an adjournment Thursday night until the call of the chair.

Grand Jury expert J. C. Smith's report of the condition and accounts of the county offices extends up to July 1, 1913, thus making it a report for a year and a half. Consequently the task is a more voluminous one than usual.

The grand jury had many witnesses before them on Wednesday, there being many witnesses in the room adjoining Judge Denny's court room and in the court house corridors. In what cases the indictments might be found there was of course no intimation given on Wednesday night.

Farmer J. C. Jones of the Gurneville section, who took a shot at three boys who invaded his orchard and peppered them profusely with birdshot, was called into the grand jury room on Wednesday and two of the boys who came in for the "peppering" were also called as witnesses and testified.

Guy J. K. Bigelow of El Verano and two detectives whom he is said to have employed in looking after resorts in the Sonoma Valley particularly as to whether they had thirty-five rooms, required by the ordinance initiated here last fall, and other witnesses from the Sonoma Valley, were also noticed entering the grand jury room at the beckon of Outside Guard Chas. Meyers. Supervisor Harry Weise was also called.

Before adjourning Thursday evening the following recommendations were made by the Grand Jury :

"We, the grand jury, recommend that the Board of Supervisors, issue no licenses except to persons they have satisfactory evidence are fully qualfied under the ordinance of this county :

"And we further recommend that no licenses be issued simply on the recommendation of one member of the board, in whose district the applicant seeks a license, as has been the custom, but that licenses be authorized by the board as a whole, and not otherwise.

"We further recommend that the board immediately proceed to investigate and determine what proprietors of hotels now holding licenses, are actually qualified and they revoke the licenses of those not qualified.

"And we further recommend that the officers of this county proceed to prosecute with diligence all persons who are selling liquors contrary to the ordinances of this county"

Woman Will Be Named Receiver of Land Office.

Mrs. Grace B. Caukin, chairman of the Women's committee of the Democratic Central Committee, who recently came to Sonoma and settled on a small ranch with her children, but who is at present in Berkeley visiting her mother, will be appointed Receiver of the United States Land Office at San Francisco.

Mrs. Caukin has received word that her name has been approved by the Senate and all that is required to put her in possession of the office is the President's signature—and this is merely a matter of form. Mrs. Caukin has for many years been a leader in political organizations among women. She has taken an active part in women's clubs and was prominent in forming new laws for women during past and present legislatures She was a hard worker for President Wilson during the campaign that placed him in the presidential chair and her reward has come in the form of an appointment to an office that carries with it much that requires constant application and perhaps a woman's judgment.

Congregational Church, July 20

Morning worship 11 a. m.

Prayer is practiced because God commanded it and the converted man craves it. It is practiced because it does things. Lest there be one man in Sonoma who does not know how to use this gift of heaven, we will give the Bible teaching about it in this service.

Evening worship 8 p. m.

Society is a unit. Let every one do as he likes, but if we remembered that what we do, compels in some degree, the action of others, we would know what answer to give to the question, "Am I my brother's keeper." Come to church Sunday evening and look into the matter.

Sunday School will be held at 10 a. m. Wednesday evening social service at 7:30 p. m.

The turn of the tide has just arrived in New York and other great cities in our land. The men are attending church in increasing numbers. Two grandchildren of Germany's greatest scholar infidel recently joined the church. Rush a good thing along.

T. M. PRICE, Pastor.

Old Resident of Kenwood Asphyxiated

Ferdinand Daddi, a pioneer rancher of Los Guilicos Valley, was accidentally asphyxiated by escaping gas in a San Francisco lodging house Monday night. He had gone to the city for an over-night business trip and not being familar with gas blew the jet out instead of turning it off when he retired for the night and was found dead in bed the next morning.

Personal Mention.

Mrs. Pauline Michel of San Francisco is a guest at the Granice home.

Mrs. E. Mackall of San Francisco was the guest of relatives here last Sunday.

Henry, Ed. and Frank Burris are in town, the guests of their mother, Mrs. Julia Burris.

Dissolution of Co-Partnership.

The co-partnership heretofore existing between L. Pollini and G. Favetti, under the firm name and style of Pollini & Favetti, at Sonoma City, in the County of Sonoma, State of California, has been dissolved by mutual consent, G. Favetti, retiring.

The business of the late firm will be conducted at the Sonoma House, in the City of Sonoma, by L. Pollini, who assumes all obligations, and collects all outstanding accounts.

The new proprietor solicits for the future the good will and favor shown to the firm in the past.
